

# Budget Sheet

When you earn money, put it down under the “Jobs” section of your budget sheet.

EX: You earned \$5 for yard work

| Jobs             | Amount |
|------------------|--------|
|                  |        |
|                  |        |
|                  |        |
|                  |        |
|                  |        |
|                  |        |
| <b>TOTAL (A)</b> |        |

List all expenses -- what you plan to spend your money on.

EX: You have \$30 in income: you plan on donating \$5 and spending \$10.

| Expenses         | Amount |
|------------------|--------|
| <b>Spending</b>  |        |
| <b>Giving</b>    |        |
|                  |        |
|                  |        |
|                  |        |
| <b>TOTAL (B)</b> |        |

Write down what you are saving for & how much you are saving.

EX: You are saving up for a gaming console and plan to save \$20 at a time.

| Savings          | Amount |
|------------------|--------|
|                  |        |
|                  |        |
|                  |        |
| <b>TOTAL (C)</b> |        |

Take the total amount from each section. Subtract the expenses and savings from your income and get your remaining balance.

| Summary            | Amount |
|--------------------|--------|
| <b>TOTAL (A)</b>   |        |
| <b>- TOTAL (B)</b> |        |
| <b>- TOTAL (C)</b> |        |
| <b>LEFT OVER</b>   |        |
